Dear Auto Recycler,

Car-Part.com has developed relationships with the Automotive Recyclers Association (ARA) and ARA Service Corporation (ARASC) whereby Car-Part.com will manage the operations of the ARA International Database. As part of this relationship, Car-Part will be assisting ARA with its data collection efforts for Vehicle Identification Number (VIN) information for VIN verification companies such as Car Fax.

By contributing your VIN information to the ARA International Database, you will help fund the ARA which provides many valuable services to Auto Recyclers.

There is no cost to you for this additional service. We are asking your permission to forward your VIN information to the ARA International Database for use with VIN verification companies. If at any time you decide you do not want your VIN information used by these systems you can notify us in writing and, we will remove your VIN information from the VIN verification feed(s) within 10 business days after we receive your written notice. If you do cancel this service your contributed VIN information will remain with those transactions that have already been completed through the system. This is the complete agreement between you and Car-Part.com on this matter; there are no verbal agreements or understandings with Car-Part.com, nor are there any agreements or understandings between you and any other party. Please sign in the space below indicating your agreement and fax this letter back to us. A faxed signature is considered an original. If you do not agree to this, please write "NO" across the page and fax it back also so that we know you are not interested.

On behalf of ARA, ARASC, and Car-Part, we thank you for your support.

Sincerely,

Roger Schroder, Vice President Sales

Do you want to contribute your VIN information to the ARA International Database for use by VIN verification companies? \_\_\_\_\_ YES \_\_\_\_\_NO
