# Overview

Core Pricing is a web-based program – powered by Coremate – that lets you see the price core buyers are willing to pay for your parts. This program helps you make better decisions during the dismantling process by quickly determining which parts you want to sell as cores. Use Core Pricing to take full advantage of Coremate, and maximize profits!

For your convenience, Core Pricing is also available as a free mobile app on iOS and Android devices. Download the app on your phone or tablet to see which parts are valuable while you're inventorying vehicles.

## Open Core Pricing

To open Core Pricing, follow these steps:

1. Navigate to the **Car-Part.com Statistics and Reports** page. (Contact your support rep if you have questions.)
2. Click the **Core Pricing** link to open the program.

# Conduct a Search

At the top of the **Core Pricing** page, you will see the logos of core buyers you have pre-approved.

From here, you can initiate a search by following these steps:

1. Choose one of the following search methods:
  - Enter a **VIN** in the text field.

- Click the **Click Here to look up parts by Year and Model** link to use **Year** and **Make/Model** drop-down boxes and select one of the given options.

2. After you have entered the VIN or the Year/Make/Model, click **Search**.

## Interpreting Search Results

If your approved core buyers are purchasing parts for this vehicle, Core Pricing will display a table of results. This table describes which parts core buyers want from this vehicle; the results are arranged by part type, interchange number, side, part description, and the quantity you have inventoried in your management system.

Additional Core Buyers available with your consent by calling Car-Part.com at 859-344-1925:  
[Lansdale, PA](#) [Dallas, TX](#) [Ft. Worth, TX](#) [Houston, TX](#) [Phoenix, AZ](#) [Portland, OR](#) [San Diego, CA](#)

This table displays several possible interchange numbers this vehicle may have. Your dismantler will still need to identify the proper part by its interchange number.

- If you don't see the interchange number you expect, none of your approved core buyers are offering to purchase it.
- **Your Price** is an average.
- If you see an interchange number in the results, but none of your approved core buyers have a price in the **Buyer Price** field, look at the bottom of your results. You may see information there, indicating that another core buyer is buying the part, but it's a core buyer you have not approved. Contact your Car-Part support rep for more details on approving this core buyer.

## Print Part List and Calculate Part Value

Core Pricing makes it easy to print a list of parts for your dismantler and calculate how much each part can be sold for. Here's how:

1. Click the checkboxes in the **Buyer Price** column to mark the part(s) you would like to sell. (The **Your Quantity** column indicates how many you have inventoried.) As you check the boxes, the prices will be totaled in the blue row at the bottom of the screen.

# Core Pricing Mobile App

For your convenience, Core Pricing is also available as a free mobile app on iOS and Android devices. This app allows you to take Core Pricing to the dismantling bay with you on your phone or tablet.

## Installation

1. Search for “Core Pricing” in the application store for your mobile device, or use one of these QR codes:

iOS/Android

Amazon

2. Download the application. This is how the app icon appears on the screen:

## Log In

1. Open the Core Pricing application after it finishes downloading.
2. The **Settings** screen opens if this is your first time using the app. From here, enter the following information:
  - Car-Part.com User ID
  - Username
  - Password

The screenshot shows the 'Settings' screen of the Core Pricing app. At the top, it says 'Settings 1.0.0' and 'All fields are required to use this app'. Below this, there are three input fields: 'Car-Part.com User ID' with the value 'IE 1234', 'Username', and 'Password'. At the bottom, there are two buttons: 'Cancel' and 'Save'.

3. Tap **Save** to save this configuration and open the main search screen.

**Note:** The **Settings** screen opens automatically if this is your first time using the app. To access this screen again, tap on **Settings** in the bottom right corner of the main search screen.

## Conduct a Mobile Search

1. From the main search screen, there are two ways you can conduct a search:

- Search using the VIN. Type the VIN in the **By VIN** field, or use the **Scan VIN Barcode** button to scan the barcode with your device's camera.

- Search using the year, make, and model. Tap **By Year/Make**, then tap the appropriate **Select** button to choose the **Year**, **Make**, and **Model** from the provided lists.

2. After you have entered the VIN or the Year/Make/Model, tap **Search**.

- The **Results** screen opens, displaying the parts that core buyers want from this vehicle. This is the same results screen you see when you use Core Pricing on your desktop, and you use it the same way.

# Getting Help

For more information about this product, including access to online training videos and documentation, visit [Products.Car-Part.com](http://Products.Car-Part.com) for our recycler resources.

Car-Part.com takes customer service seriously. We have a variety of support options available to help you if you have questions about our products or if you need help for any reason. Your questions are very important to us and we want your experience to be a positive one. Please contact us with any questions or concerns using any of the following methods.

## **Phone Support**

If you have a question not covered in this guide, Car-Part.com offers phone support. Please call 859-344-1925 with your questions.

## **Online Support using Car-Part Messaging (iCPM)**

Support technicians are available online using Car-Part Messaging (iCPM) support rooms. These technicians are available LIVE to help answer any questions you may have.

The support rooms are staffed Monday–Friday, 8:00AM–8:00 PM ET.

To enter an iCPM support room:

1. Double-click the **iCPM** icon on your desktop.

2. **Car-Part Messaging** opens.
3. Double-click the name of the **Support Room** from your bookmark list.
4. Type **HELP** and a brief explanation of your issue. A Car-Part.com support technician will answer and help with your issue.

# Training

If you have ongoing training needs, Car-Part.com has a team of product training specialists to help you learn how to use our products quickly. If you are interested in product training, please call our training department at 859-344-1925 and a trainer in your area will call to schedule training.

# Comments

We welcome your comments and suggestions concerning the content and organization of this guide as well as the accuracy and the usability of the instructions it contains. Email us at [documentation@car-part.com](mailto:documentation@car-part.com). We're listening!
