Overview

CrashLink helps you quickly access OEM list price information, calculate pricing for entire assemblies, and view part diagrams. No more crash catalogs!

Using Motor® data, CrashLink provides you with the most accurate OEM pricing information. CrashLink helps you calculate your best price based on the list price and percentage discounts. This is especially helpful when you don't have a price in your Price Book. You can begin a search from within HYMS – just press your F-key to start a CrashLink search!

Here's an overview of a typical CrashLink workflow:

Step 1: Begin a CrashLink Search

When you're working in HYMS, just press your F-key on the **Find & Sell** screen. For most users, this is **F6**.

Step 2: Part Selection

CrashLink opens in your browser, with a list of parts that match your search. Select the part(s) you wish to search, then click **Add to Your Parts**.

<input type="button" value="Add to Your Parts"/>									

Step 3: Pricing/Information

The Pricing/Information screen opens. This is the main CrashLink screen, which has the information you're looking for: list pricing information, part applications, and diagrams.

From here, you can also add or remove parts from your search.

Step 1: Begin a CrashLink Search

To use CrashLink, you must be connected to the internet, and Trading Partners must be running.

Option 1: Open CrashLink through HYMS

1. In HYMS, search for a part as normal.
2. On the **Find & Sell** screen, press **F6**.*)
3. CrashLink opens in your internet browser.

Note: If the following pop-up appears, this means that CrashLink cannot interpret your search. Click **OK** to continue to CrashLink, where you can perform a manual search.

Enter Part Information

(110-58509L or FEN,58509L or CE-58509)

(Blank for non-interchange search page.)

Add to Your Parts

Show All Choices

- A. **OEM** – OEM number of the part.
 - a. **NSS** indicates **Not Serviced Separately**
- B. **Web** – Click **Web** to search for this OEM number on Google.
- C. **T-P** – Click **T-P** to search for this part on Trading Partners.
- D. **Labor*** – Remove and Replace labor time. (**Avg** indicates that this is the average of Min and Max labor time information.)
- E. **List \$** – Most current OEM list price of this part. (Please see Appendix A: Currency Display Options for more information on how CrashLink displays USD and CAN pricing information).
- F. **Show All Choices** – (Only available if there are suppressed options.) If there are Motor® parts that do not match the interchange of the searched part, CrashLink suppresses those parts by default; however, if you can't find your appropriate choice on the list, you may review and select these suppressed options. In this case, click **Show All Choices**.

The parts that had been suppressed will now appear in your list. They will be colored red to indicate that they were previously suppressed. (To remove them from your list, click **Filter Choices**.)

* Available only to Labor Time Calculation subscribers.

Step 3: Pricing/Information

After you click **Add to Your Parts**, the **Pricing/Information** page opens.

The **Pricing/Information** page is the main CrashLink page where you will be doing most of your work. This page displays pricing information, part applications, and part/assembly diagrams.

The **Total Price** fields display the totals of the prices in the **List \$** and **List %** columns. The **List %** column defaults to 50% of **List \$**, but you can modify it to the value of your choosing.

- **Note:** See **Appendix A: Currency Display Options** for more information on how CrashLink displays USD and CAN pricing information.

- Part selection** – Click to select a part in the list. The information on the page (Diagram, Applications, and Price Changes) will update to display information about the selected part.
- Diagram** – The selected part is highlighted in the diagram.
 - If there are multiple diagrams available from Motor® for this part, there will be a drop-down menu available under the diagram. Use this to select and view additional diagrams.
- List \$** - Displays the current retail list price of a part. To learn more about your choices for this feature, please see **Appendix A: Currency Display Options**.
- Labor R&R Info*** – Remove and Replace labor information. Skill and Labor Notes are displayed if available.
 - Keep in mind that the hours listed are Remove and Replace hours. If you are not replacing a part, your actual work time may be much less.
- Applications** – Displays the OEM applications for this part. This information is very helpful in cases where you don't have the specific part you searched for in stock. This section displays other vehicles with parts that match this OEM number.

Price Changes – Displays the history of the List Price changes for this part. See **Appendix A: Currency Display Options** to learn more about the information displayed here.

* Available only to Labor Time Calculation subscribers.

Actions Available on the Pricing/Information Page

There are many things you can do on this page to see the information you need, and to re-calculate your **Total Price** information.

Labor Notes: Includes: The removal of component and all necessary components. Does not include diagnosis and testing. Refrigerant recovery, evacuate, recharge of the AC system, or a vehicle road test.

- Print** – Click this button to print the information from this screen. More information about this feature is available in the **Print This Information** section of this document, below.
- Parts by Image** – Click this button to open a list of all parts in the image. This is useful if you want to add a part to your part list that you did not originally include. Use the checkboxes to select the part(s) you wish to add/include, then click **Add to Your Parts** to process the search and view your new **Total Price**.
- Qty** – Use this field to change the quantity of the part. Enter a new quantity, then click **Update Your Parts** to update the **Total Price**.
- Labor*** – This field displays the **Labor R&R Hours**. This information displays hours for Remove *and* Replace; if you are not replacing a part, your actual work time may be much less.
 - You may edit this field to reflect your true expected labor time (enter a new time, then click **Update Your Parts**). These changes will only display on your screen and in the **Print** function; they will not affect any calculations and will not be saved for future CrashLink searches.
- List %** – By default, CrashLink calculates the **List %** as 50% of the **List \$**; however, you can manually change the price of any individual part. To do so, type in a new price for the selected part, then click **Update Your Parts** to update the **Total Price**.
 - Note:** CrashLink will save your changes to the **List %**, but manual changes to the prices of individual parts will not be saved for future searches.

* Available only to Labor Time Calculation subscribers.

- F. **Web** – Click the **Web** link to search for this OEM number on Google.
- G. **T-P** – Click the **T-P** link to search for this part on Trading Partners.
- H. **Keep** – Use the checkboxes to specify which parts to keep on your list. To remove a part from your list, uncheck the box, then click **Update Your Parts** to update your list and the **Total Price**.
 - **Note:** At least one part must be checked at all times; CrashLink will not allow you to deselect *all* parts.
- I. **Update Your Parts** – Click this button to update your **Total Price** after you have changed the **Keep**, **Qty**, or **List %** information.

Part Search/Manual Search

While the most common way to search CrashLink is the automatic search process described above (using **F6** from HYMS) you are also able to perform a manual search. This is helpful when you want to look up a part that does not have a part code associated with it.

You may also be directed to this page if CrashLink cannot determine which part you want to search, or if you search for a part that does not have a corresponding mapping in the CrashLink data.

Step 1: Begin Search

There are 3 ways to begin a manual search:

- Option A: Browser Login
- Option B: Part Search Button
- Option C: VIN Search Button

Option A: Browser Login

To open CrashLink in your internet browser, follow these steps:

1. Go to **CrashLink.Car-Part.com**.
2. In the **Recycler Login**, enter your **Username** and **Password**.
 - You can use your Trading Partners login, or the login you use for your **Car-Part.com Statistics and Reports** link. If you don't know this login, contact your support rep.

3. Click **Login**. CrashLink opens to the manual search.

Option B: Part Search Button

If you already have CrashLink open, you can launch a manual search by clicking the **Part Search** button at the top of any screen. This allows you to add a part to your part list.

VIN Search

Search Term Search Reset

- Accessories and Fluids
- Air and Fuel Delivery
- Belts and Cooling
- Body
- Brake

You can use this page 2 ways:

- Option A: Search Terms
- Option B: Browse Categories

Option A: Search Terms

1. Enter a keyword (such as “SWITCH”) in the **Search Term** field.
2. Click **Search**.
3. Your results will include any parts with “SWITCH” in the Motor name. Click the checkbox(es) to select the part(s).
4. Click **Select Part(s)** at the bottom of the list.

The screenshot shows the CrashLink web application interface. At the top, there is a navigation bar with the CrashLink logo, a 'Back' button, and three dropdown menus for '2006', 'Ford', and 'Explorer'. Below this is a search section with a 'Search Term' input field containing the text 'SWITCH', and 'Search' and 'Reset' buttons. The main area displays a hierarchical list of parts. It starts with a folder icon and the label 'Body'. Under 'Body' is another folder icon and label 'Seats'. Under 'Seats' are two items, each with a checkbox and a label: 'Power Seat Switch' and 'Power Seat Switch Knob'. Below 'Seats' is a folder icon and label 'Electrical, Lighting and Body'. Under this is a folder icon and label 'Electrical Connectors', which contains one item with a checkbox and label: 'Driver Information Display Switch Connector'. Below 'Electrical Connectors' is a folder icon and label 'Switches'. Under 'Switches' are five items, each with a checkbox and a label: 'Brake Light Switch', 'Combination Switch', 'Cruise Control Switch', 'Defroster Switch', and 'Door Jamb Switch'. At the bottom of the list is a button labeled 'Select Part(s)'.

5. The Part Selection list opens on the right. Click the checkbox(es) to select the part(s) you wish to include in your CrashLink search.

Option B: Browse Categories

1. In the list of categories, click the category of the part you would like to search.
2. Continue “drilling down” through the categories and sub-categories until you reach the component selection checklist.
3. Click the checkbox(es) to select part(s).
4. Click **Select Part(s)** at the bottom of the list.
5. The Part Selection list opens on the right. Click the checkbox(es) to select the part(s) you wish to include in your CrashLink search.
6. Click **Add to Your Parts**.

CrashLink interface showing the category selection process. The left sidebar lists categories like Emission Control, Sensors, Ignition, etc. The 'Ignition Switch' is selected under the 'Switches' category. The right pane shows a table with one part: Ignition Switch, Eddie Bauer, Limited, XLS & XLT, with OEM code DG9Z11572A and a price of 104.60. Buttons for 'Select Part(s)' and 'Add to Your Parts' are at the bottom.

Part	Description	OEM	List \$
<input type="checkbox"/>	Ignition Switch	Eddie Bauer, Limited, XLS & XLT Web I-P	104.60

7. The **Pricing/Information** page opens, and the part(s) you selected have been added to your list. Continue with your CrashLink workflow as described in the section of this documented titled **Step 3: Pricing**.

OEM Search

At the top of every CrashLink screen, is a button for **OEM Search**. This button allows you to search for parts by OEM number. Follow these steps:

1. Click **OEM Search**. The OEM Search page opens.
2. Enter an OEM number in the **Enter OEM #** field.
3. Click **Search**. The Part Selection list opens below. This shows all parts that match this OEM number.
4. Click the checkboxes to select the part(s) you wish to include in your CrashLink search.
 - **Note:** You cannot select multiple parts with conflicting year ranges.
5. Choose the year from the drop-down.

6. Click **Add to Your Parts**.

Start	End	Model	Part	Description	OEM	List \$	
<input checked="" type="checkbox"/>	2006	2013	Impala	Deck Lid Hinge	Rear Right	25964301 Web I-P	69.20
<input type="checkbox"/>	2014	2016	Impala Limited	Deck Lid Hinge	Impala Limited: Rear Right	25964301 Web I-P	69.20

7. The **Pricing/Information** page opens, and the part(s) you selected have been added to your list. Continue with your CrashLink workflow as described in the section of this documented titled **Step 3: Pricing/Information**.
 - **Note:** Notice that the search at the top of your screen changed to match the year you selected in the drop-down on the previous page.

Examples of CrashLink Workflows

CrashLink is the solution for your OEM pricing and OEM information needs. Because CrashLink is so powerful and flexible, you might find it helpful to review these example scenarios to better understand the different ways CrashLink can assist you.

Pricing an In-Stock Part with an Interchange Search

Scenario: An insurance adjustor calls, requesting a left front door for a 2013 Honda Accord. You look up the part in HYMS, and the part has interchange. You have the part in stock, but you do not have a price. You want to research the price for this part on CrashLink.

1. From your search results screen in HYMS, press **F6**.*)).
2. CrashLink opens in your web browser.

4. Reference the information available on this screen to determine the price of the door.

Finding a Similar Part with a Non-Interchange Search

Scenario: A retail customer calls requesting a luggage rack for a 2016 Kia Sportage. You look up the part in HYMS. This part does not have interchange.

1. You look the part up in HYMS, and you see that you have a luggage rack from a 2015 Kia Sportage, but you don't know if that will work for your customer's 2016. You decide to search CrashLink.
2. Press **F6**.*) This launches the CrashLink data search. CrashLink processes the data and opens the **Part Selection** page in your browser.

<input type="checkbox"/>	Start	End	Model	Part	Description	OEM	Labor	List \$
<input type="checkbox"/>	2011	2016	Sportage	Roof Rack	Left; W/O SUNROOF	872703W000 Web I-P		177.08
<input type="checkbox"/>	2011	2016	Sportage	Roof Rack	Right; W/O SUNROOF	872803W000 Web I-P		177.08

3. Based on the questions, ask the customer about the part they need (in this case, you'd ask whether they need the left or right roof rack). Use the checkboxes to select the part you wish to search.
4. Click **Add to Your Parts**.

* Most HYMS users use **F6** to begin a CrashLink search; however, occasionally a different F-key is configured. If you do not know your CrashLink F-key, see **Appendix B Confirming CrashLink's F-key**.

- The **Pricing/Information** page opens. The **Applications** section lists the years and models that share the same OEM part number. This information will tell you if the 2015 roof rack that you have is compatible with the 2016 that the customer requested.

Identifying a Loose Part – OEM Number Lookups

Scenario: You find a hinge in the yard that has no tag or any other identifying features except for an OEM number of 25964301. You can use CrashLink to help you determine what the hinge fits and how much you should charge for it.

- Go to CrashLink.Car-Part.com and log in.
- Click the **OEM Search** button.

- Enter **OEM#** and click **Search**.

- CrashLink displays the OEM results page, which lists all the vehicles and parts that share this OEM number. Click the checkbox to select the part you wish to include in your CrashLink search.

5. Click **Add to Your Parts**.

Appendix B: Confirming CrashLink's F-key

If **F6** does not begin a CrashLink search, follow these steps to confirm which F-key you have assigned to CrashLink:

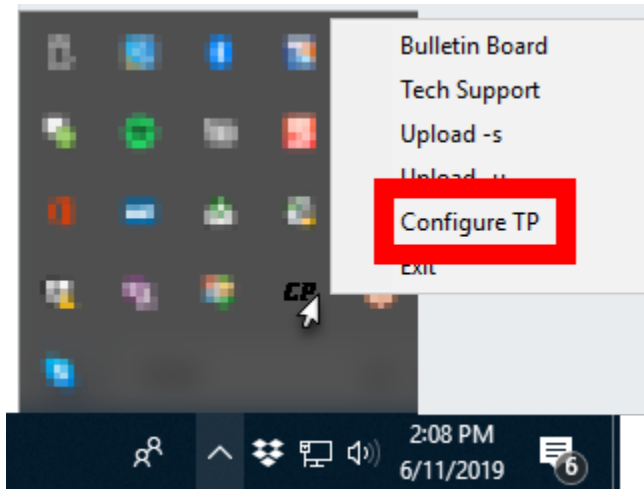

1. Make sure the Trading Partners software is running by looking for the **CP** icon in your system tray. (If the Trading Partners software is not running, double-click on the **Car-Part.com Trading Partner Software** icon.)

- **Note:** If Trading Partners software is not already running, double-click the **Car-Part.com Trading Partner Software** icon on your desktop.

2. Open Trading Partners by right-clicking on the **CP** icon and selecting **Configure TP**.

3. The **Car-Part.com Trading Partners Configuration** window opens. Look for the **Function Key for CrashLink** line. The drop-down box will indicate which key you have CrashLink configured to. You can also change your designated F-key here if you wish.

- ^ indicates the **Ctrl** key
 - For example, if you select **^F6** then you will launch a CrashLink search by pressing **Ctrl** and **F6** on your keyboard)
- + indicates the **Shift** key
 - For example, if you select **+F6** then you will launch a CrashLink search by pressing **Shift** and **F6** on your keyboard)

Getting Help

For more information about this product, including access to online training videos and documentation, visit Products.Car-Part.com for our recycler resources.

Car-Part.com takes customer service seriously. We have a variety of support options available to help you if you have questions about our products or if you need help for any reason. Your questions are very important to us and we want your experience to be a positive one. Please contact us with any questions or concerns using any of the following methods.

Phone Support

If you have a question not covered in this guide, Car-Part.com offers phone support. Please call 859-344-1925 with your questions.

Online Support using Car-Part Messaging (iCPM)

Support technicians are available online using Car-Part Messaging (iCPM) support rooms. These technicians are available LIVE to help answer any questions you may have.

The support rooms are staffed Monday–Friday, 8:00AM–8:00 PM ET.

To enter an iCPM support room:

1. Double-click the **iCPM** icon on your desktop.

2. **Car-Part Messaging** opens.
3. Double-click the name of the **Support Room** from your bookmark list.
4. Type **HELP** and a brief explanation of your issue. A Car-Part.com support technician will answer and help with your issue.

Training

If you have ongoing training needs, Car-Part.com has a team of product training specialists to help you learn how to use our products quickly. If you are interested in product training, please call our training department at 859-344-1925 and a trainer in your area will call to schedule training.

Comments

We welcome your comments and suggestions concerning the content and organization of this guide as well as the accuracy and the usability of the instructions it contains. Email us at documentation@car-part.com. We're listening!
